

IMPORTANT MESSAGE!!!

Bessemer City Schools System is staying abreast of all information related to the COVID 19/Coronavirus. Our schools have been provided weekly to daily updates on precautionary measures over the the last few weeks.

Coronavirus is an upper respiratory infectious disease. Symptoms include fever, cough and shortness of breath. Preventative measures include:

Hand-washing, Disinfecting Common Surfaces. Covering cough / Sneezes

Coronavirus infects people of all ages. Two groups are particularly at risk: the elderly and those that have predisposed illnesses.

Let's all work together to stay safe....Prepare, Prevent and Protect

Students and employees who are sick are encouraged to seek medical guidance and are asked to remain home for 72 hours. Be sure to follow all recommended tips. WASH HANDS, COVER COUGHS and AVOID LARGE CROWDS... Be Safe
